## SUMMARY

Innovative/Creative Front End Developer with 3 years experience building and maintaining responsive websites and apps in fast-paced, collaborative environments. Highly skilled in HTML/CSS/JavaScript/React; plus modern libraries and frameworks. Passionate about usability and working knowledge of UI/UX design.

## EDUCATION

### Bachelor's Degree in Computer Science
**Obafemi Awolowo University Ile-Ife**

2017 - 2021
Ile-Ife, NIG.

## EXPERIENCE

### Frontend Developer
**AfriSplash Remotely**

2023 - Present

*Volunteer*
- Worked with designers, software engineers, and back end developers to build dynamic and optimized websites.
- Identifying innovative ideas and proof of concepts according to project requirements.
- Communicated progress to the team and incorporated feedback and change requests as needed.
- Completed programming tasks within test environment and utilizes GitHub repositories to collaborate with colleagues.
- Maintained site revision and optimization according to site maintenance needs, user activity research, and SEO strategies.

### UI/UX Designer
**LandXpress Real Estate company**

2022 - 2022
Lagos, NIG

*Part-time*
- Oversaw the overall web app interfaces, focusing on creating an intuitive user interface.
- Developed a component-based design system using Figma, streamlining the product design process.

### Frontend Developer
**Nigerian Institute of Social & Economic Research**

2020 - 2021
Ibadan, NIG

- Design, develop, and code web applications for customer accounts, which includes debugging issues, diagnosing root causes, and identifying solutions.
- Collaborated with teammates and updated application versions using Git.
- Successfully performing maintenance on the front-end of the platform, which is based on HTML, jQuery and React.
- Optimized UI load times and performance by up to 80% by fixing bugs.
- Communicated with back-end developers for any front-end problematic issues.
